

# Add Teaching & Learning Tools to Zoom

Instructors are using Class to talk one-on-one with students, simplify attendance, grade assignments, and more - **without ever leaving Zoom.**

Pin the instructor to the podium so they are always visible

Launch and automatically grade live assignments, quizzes, and tests

Talk privately with students one-on-one without leaving Zoom

Automatically take attendance, including start and end times

View students in order of their talk time to track participation

Track who does not have Class as their primary (in-focus) application
